## Smart Grid Technology and the Capital Region

Tuesday, September 29, 6pm

### Last Chance!

This is your last chance to see the exhibit **National Grid: Powering the Capital District**, with historic photographs and objects on loan from National Grid, and from the Museum's collection.

From National Grid, join Larry Durante, Manager of **Smart Grid Planning** and Vince Forte, Smart Grid Principal Engineer, for a look at National Grid's **new smart grid**

**technology**, and how this new technology is being used in an Upstate New York demonstration project.

**Members free.** Free with Museum admission.
